December 1, 2009

The Honorable Charles Terreni Chief Clerk of the Commission Public Service Commission of South Carolina Post Office Drawer 11649 Columbia, South Carolina 29211

> Application of BellSouth Telecommunications, Inc. to Provide In-Region Re:

InterLATA Services Pursuant to Section 271 of the Telecommunications Act of

1996

Docket No. 2001-209-C

Dear Mr. Terreni:

Consistent with Appendix F of the Service Quality Measurements Plan adopted by this Commission, BellSouth Telecommunications, Inc., d/b/a AT&T South Carolina ("AT&T") is filing a Proposed Data Notification Report for the January 2010 data month. There are no changes to be placed on the Proposed January 2010 Data Notification Report.

There is one additional matter that AT&T would like to bring to the attention of the Commission and the parties. On the filed September 2009 Data Notification, AT&T provided notice that it would modify the code in accordance with the business rules so that the Local Interconnection Trunk volume is only reported in that disaggregation for the Reject Interval measure. Although AT&T expected to make this change with September 2009 data, it will be implemented with January 2010 data instead (RQ9448).

Thank you for your attention to this matter.

Sincerely,

Patrick W. Turner

PWT/nml Enclosure

PROPOSED JANUARY 2010 DATA NOTIFICATION

BellSouth Telecommunications, Inc., d/b/a AT&T South Carolina ("AT&T") is considering making the changes described in this document to generate results for the January 2010 data month. Results for the January 2010 data month will be posted as follows:

Preliminary results February 20, 2010 Final results February 27, 2010

AT&T provides Data Notifications each month in compliance with the SQM Plan. The Plan specifies that when AT&T proposes making any changes to the methods by which performance data is calculated, it must provide written notice. The notice is provided on the first business day of the month before the data month in which the change will be made. The Plan also requires AT&T to provide notification if it is considering making changes to the method of calculating data for the following month.

ENCORE Releases may affect monthly data flows from the source systems (e.g., LASR, LESOG, etc.) that PMAP uses to calculate measurements. AT&T will make changes to PMAP to ensure that data continues to be correctly captured as ENCORE Releases are implemented.

System releases may affect monthly data flows from the source systems that PMAP uses to calculate measurements. AT&T will make changes to PMAP to ensure that data continues to be correctly captured as system changes are implemented.

*** There are no changes to be placed on the Proposed January 2010 Data Notification Report. Therefore, the Industry Conference Call scheduled for December 4, 2009 has been cancelled. The March 2010 changes will be discussed at the January 8, 2010 Industry Conference Call. ***
